According to coal letter and offsets this well will NOT penetrate existing deep mine workings;
 Consent to stimulate the Jawbone/Tiller coals is Approved;
 E-Logging is not requested for this well;
 Shallowest coal to complete is approx. 1037 ft MD;
 This well should encounter approx. 190 inches of treatable coal that will be completed with a 5-stage foam frac;
 The estimated TD includes 125 ft below Poco#3;
 The closest, most recent well is VC-537869 (2007).

Re: Permanent Split of CBM Royalty
Roscoe Edwards 42 Acre Tract
Dickenson County, Virginia

Dear Mr. and Mrs. Edwards:

As you are aware, Equitable Production Company ("EPC"), plans to drill coalbed methane gas wells on a tract of land covered by the above referenced 42 acre tract described in Dickenson County Deed Book 361, Page 82 (the "Property" or "Subject Tract") or upon other lands in which the subject tract is pooled therewith in which Pine Mountain Oil and Gas, Inc. ("PMOG") owns the coalbed methane gas through its deed from the former coal owner underlying the Property and you own the gas. The above has created a conflicting claim as to the ownership of the coalbed methane gas on the Subject Tract between ("PMOG"), as the owner of the coalbed methane gas through its deed from the former coal owner, and you, as the owner of the gas. A map indicating the approximate location of the property is enclosed for your reference.

Due to our conflicting interests in the Subject Tract, EPC, as operator of the unit, will place all royalty proceeds attributable to our conflicting interests into an escrow account. These royalty proceeds will remain in the escrow account until either a final legal determination of our conflicting claims to the coalbed methane gas is made or we reach an agreement on the division of the royalty proceeds. The most economical and expedient way to secure a release of the proposed escrowed funds is for us to enter into an agreement which sets forth how the funds are to be distributed. Accordingly, in order to avoid the expense and time required to resolve the ownership question through the courts, PMOG proposes resolving this matter by the agreement described below. Such an agreement will allow us to receive direct payment of all future proceeds.

PMOG proposes that you receive disbursement of 75% of the future proceeds and that PMOG receive disbursement of 25% of the future proceeds. PMOG will, at its sole expense, pursue the administrative process required to secure the proceeds and will absorb all future costs of administering this letter agreement. None of these expenses and costs will be deducted from your 75% of the royalty proceeds.

If this division of the proceeds is agreeable with you, PMOG will pursue the administrative processes required to secure the distribution of the future proceeds. You will be provided with copies of the correspondence to EPC, as well as the directive to EPC to pay all future royalties and other benefits attributable to our conflicting interests in the same 75% / 25% proportion.

This letter agreement effects a permanent division of any accrued, suspended or escrowed royalty payments and all future royalty payments on the above-mentioned tracts which is binding upon ACIN, LLC and its successors and assigns and PMOG and its successors and assigns. By entering into this agreement, the parties agree to refrain from making any claim or bringing any suit against the other party attacking the other party's coalbed methane interests set forth in this letter agreement. It is expressly agreed by the parties hereto that the division of all future royalty payments on the above-mentioned tracts shall remain subject to this letter agreement, regardless of any subsequent judicial determination of ownership of coalbed methane in the Commonwealth of Virginia. Provided, however, nothing contained in this letter agreement shall change or alter the parties' common law rights and liabilities or the legal title to their respective coal and gas estates.

By entering into this letter agreement, you confirm that you are the current record title owner of the gas estate underlying the tract. If you are not the current gas owner, please notify us immediately.

By accepting the terms and conditions of this letter agreement, you directing EPC to disburse royalties in accordance with this agreement. It is understood and agreed that no other terms or conditions of your lease with EPC are affected by this letter agreement.

Please evidence your agreement to these terms by signing this letter agreement on the line indicated below and returning this letter agreement to PMOG in the enclosed self-addressed, stamped envelope. If you have any questions, please do not hesitate to call me at 276-619-2583.

Sincerely,

PINE MOUNTAIN OIL AND GAS, INC.
