Re: CBM DD13

Dear Mr. Cooper;

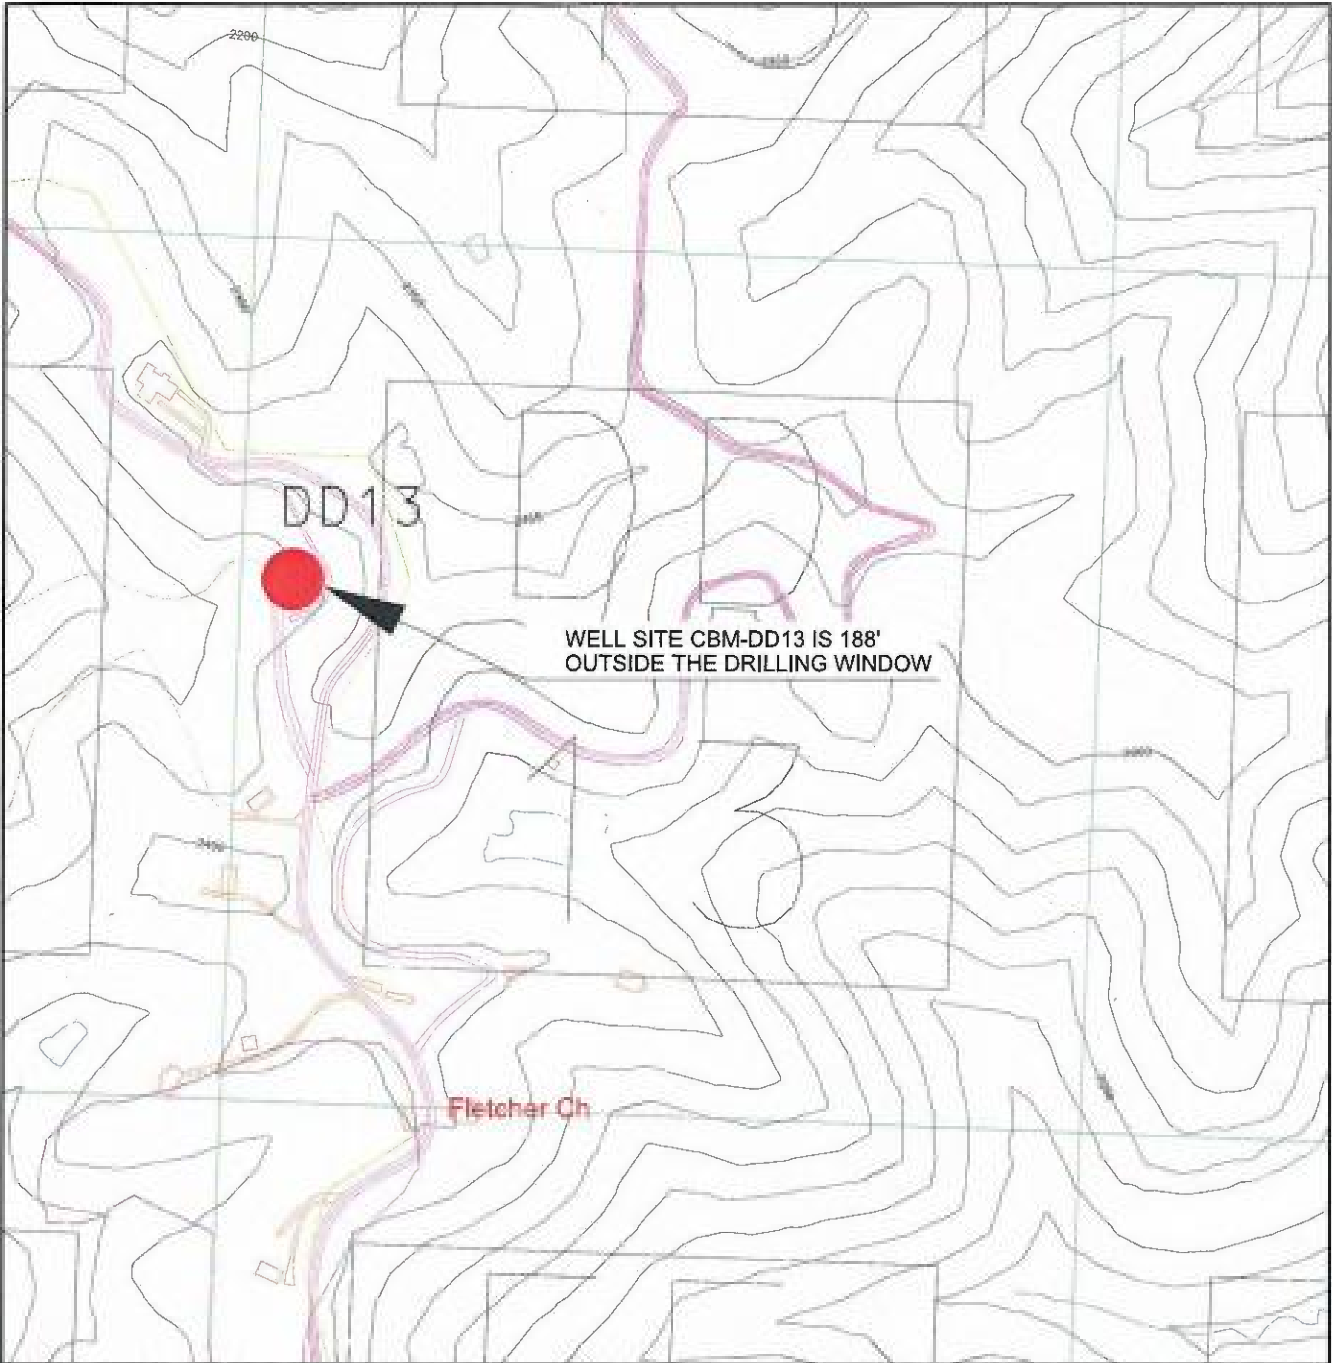

I am writing to request a location exception for the above proposed well. Due to steep topography, and state highway 620 within the drilling unit, the proposed well cannot be located within the drilling window. The location of the highway in relation to the proposed well, may present a safety issue with the general public using the highway. Whereby, the proposed location is approximately 188 feet outside of the drilling window.

Therefore, based on these conditions, we hereby request a location exception be granted for this well; for the prevention of waste of the natural resource, to protect correlative rights of the gas owners, and maximize the recovery of gas reserves beneath the unit.
