THIS AGREEMENT, with an effective date of August 30, 2002, is
between Roger E. Brown and Phyllis E. Brown

hereinafter called party of the first part, whether one or more, and POCAHONTAS GAS
PARTNERSHIP, hereinafter called PGP;

W I T N E S S E T H T H A T:

WHEREAS, the party of the first part owns oil and gas reserves in certain acres of
Tazewell County, Virginia; and

WHEREAS, third parties own coal reserves underlying the property of the party of the
first part; and

WHEREAS, PGP has taken an Oil, Gas and Coalseam Gas lease or leases from the
party of the first part; and

WHEREAS the parties hereto recognize that in those property areas where coalbed
methane gas will be developed and produced and in which areas the party of the first part owns
the oil and gas and third parties own the coal, the parties may be conflicting claimants to the
coalbed methane gas; and

WHEREAS, in those situations where conflicting claimants exist, monies otherwise
payable by PGP to the party of the first part would be escrowed; and

WHEREAS, to avoid the possibility of escrow of royalties from those areas where the
party of the first part owns the oil and gas estate and third parties own the coal estate, the parties
hereto have reached an agreement as to the payment of royalties and desire by this instrument to
set forth that agreement.

NOW THEREFORE, in consideration of the premises which are incorporated herein as
part of this agreement and not as mere recitals, and other good and valuable consideration, the
sufficiency and receipt of which are hereby acknowledged, the parties intending to be legally
bound, hereby agree as follows:

1. For those areas where the owner of the coal reserves has executed an agreement
similar to this agreement the party of the first part agrees to accept as payment in full in lieu of all

other royalties otherwise due 50% of such royalty which otherwise would be due under the terms of the aforementioned Oil, Gas and Coalseam Gas lease or leases.

2. The terms of this agreement shall supersede the terms of any forced pooling order entered prior to, contemporaneous with, or subsequent to the date of this agreement.

3. This agreement shall remain in full force and effect until the exhaustion of all coalbed methane gas underlying the properties where the party of the first part does not own the coal.

4. This agreement states the entire contract between the parties and no representation or promise, oral or written, on behalf of any party shall be binding unless contained herein.

5. This agreement shall be binding upon the successors and assigns of the parties.

WITNESS the following signatures and seals of the party of the first part and in witness hereof, PGP has caused its name to be hereunto placed by its duly authorized agent.

Sarah:

I wanted to send you an email on this disbursement while I am filing it so I can explain what I had to do on the Pay Exact Amount table. Tract 1J has had multiple owners over time and disbursements have been processed between changes of ownership. We have discussed before that the exact amount table will only allow for one entry of exact total acres in escrow, even when you chose multiple account dates/balances. This causes a problem when I am trying to release funds across time in the situation we have here. I have come up with a solution that will allow me to release all of the funds over those periods at one time, but, it does cause the totals from that table to look crazy! If I only enter the acres specific to the tract I am releasing on that table, and enter only the amounts in escrow at the points in time needed, attributable to only that tract, the table gives me the results needed to disburse all time periods. The table does add all of the acres and percentages and that total looks inflated, but, this is the only way I have found to trick the table into calculating it correctly. Ideally, the exact total acres in escrow should be a field that is populated in the bottom data entry section (where I have the arrow pointed), and that would allow me to disburse across time in these situations where disbursements have changed the total acres in escrow between ownership conveyances. The table would need to be set up on your side to allow the interests/dollars to calculate from the information entered on each individual data line entry, rather than in the manner it does now, where it calculates from the base acres in escrow that you enter at the top. If you have any questions on this please feel free to call me! I just wanted to put that together for you before I complete the filing and you begin your review.

coal estate, the parties hereto have reached an agreement as to the payment of royalties and desire by this instrument to set forth that agreement.

NOW THEREFORE, in consideration of the premises which are incorporated herein as part of this agreement and not as mere recitals, and other good and valuable consideration, the sufficiency and receipt of which are hereby acknowledged, the parties intending to be legally bound, hereby agree as follows:

1. For those areas where the owner of the coal reserves has executed an agreement similar to this agreement the party of the first part agrees to accept as payment in full in lieu of all other royalties otherwise due 50% of such royalty which otherwise would be due under the terms of the aforementioned Oil, Gas, and Coalseam Gas lease or leases.
2. The terms of this agreement shall supersede the terms on any forced pooling order entered prior to, contemporaneous with, or subsequent to the date of this agreement.
3. This agreement shall remain in full force and effect until the exhaustion of all coalbed methane gas underlying the properties where the party of the first part does not own the coal.

4. This agreement states the entire contact between the parties and no representation or promise, oral or written, on behalf of any party shall be binding unless contained herein.

5. This agreement shall be binding upon the successors and assigns of the parties.
