EMT (EMT/First Responder) Richmond, VA

800-523-6019

The web site for verifying Virginia EMT or First Responder Certification is www.vdh.state.va.us/oems. You can double click address and follow instructions. To access certification information for an individual, first step – selection Education, Training & Certification – then – EMS Provider CE Report, here enter the person’s Social Security No. with no characters separating the digits. Enter the last 4 digits of the SS# for the password, and then select sign in. The status of the certification will be provided along with links to access additional course information provided for this certification.
