This map shows the locations of historic mining activities based on current information in the records of the VA Department of Mines, Minerals and Energy (DMME). The locations and extent of many of these sites have been confirmed by field investigations, yet for others, the locations may be tentative and subject to change. DMME is continuing to add new sites to this inventory, and the user is responsible for ensuring that they have the most current information. This map is designed for use at the designated scale and should not be enlarged or used for making site-specific decisions. The user should be aware of possible errors in scale, resolution, rectification, and positional accuracy. Distribution of this map is intended for informational purposes and should not be considered authoritative for navigation, engineering, legal, or other site-specific uses.
